Overview

Players are trying to assemble the ultimate haunted pizza by collecting spooky toppings while avoiding cursed ingredients. The first player to complete their pizza with the right combo of toppings wins.

Objective

Be the first player to complete your haunted pizza in this order:

1 Sauce

1 Cheese

4 Creepy Toppings

Setup

Pull the 8 Base Crust cards to the side and shuffle. Deal one to each player. Keep the remaining Base Crust cards out of the game.

Shuffle the remaining 52 cards together into one deck.

Deal 3 cards to each player.

Place the deck face down in a draw pile.

Gameplay

On your turn, draw 1 card and play 1 card:

Option One: Play a topping onto your pizza. You must add in order: sauce → cheese → toppings).

You cannot play a topping before you play the sauce, then the cheese.

Option Two: Play a curse on another player to ruin their pizza. If a player gets a cursed ingredient on their pizza, they must discard one topping of their choice.

Option Three: Play a power card to shake things up.

Cursed Ingredients

When played on a player, that card is placed directly onto their pizza.

If you get cursed:

Immediately discard 1 topping of your choice.

Leave the Curse card on your pizza as a reminder.

(Limit 1 curse per pizza.)
